Director, Governance & Financial Services' Report 21/2006

SUBJECT:	INVESTMENT REPORT - FEBRUARY, 2006
-----------------	------------------------------------

DATE:	20 March, 2006	FILE NO:	F2004/06527
--------------	----------------	-----------------	-------------

REPORT BY: DIRECTOR, GOVERNANCE & FINANCIAL SERVICES

INTRODUCTION:

The Local Government (General) Regulation requires that the responsible accounting officer provide a written report to the ordinary meeting of the Council giving details of all monies invested and a certificate as to whether or not the investments have been made in accordance with the Act, the regulations and Council's Investment Policy No: 3.02.07.

ISSUES:

Council is authorised by s625 of the Local Government Act to invest its surplus funds. Funds may only be invested in the form of investment notified by Order of the Minister dated 23 September, 2005. The Local Government (General) Regulation prescribes the records that must be maintained in relation to Council's investments.

The attached table titled "Investment Performance Report – February 2006" outlines the investment portfolio held by Council as at the end of February 2006. All investments have been made in accordance with the Act, Regulations and Council's Investment Policy.

Investment Commentary

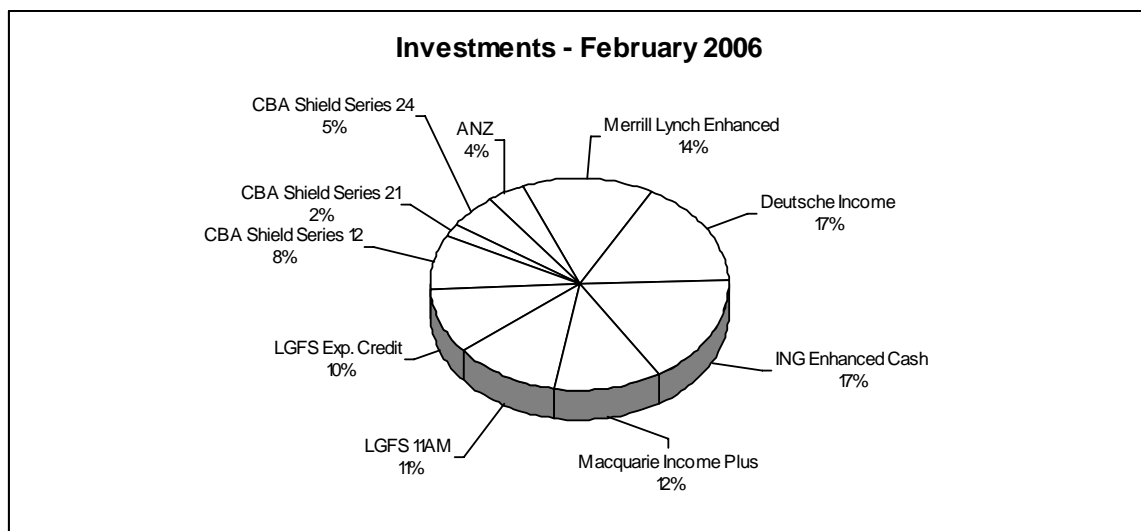

The size of the investment portfolio may vary significantly from month to month as a result of cash flows for the period. Cash outflows (expenditure) are typically relatively stable from one month to another. Cash inflows (income) are cyclical and are largely dependent on the rates instalment due dates and the timing of grant payments including receipt of the Financial Assistance Grant.

The investment portfolio increased by \$4.270 million during February 2006. The increase is representative of the positive cash flow for the month as revenue exceeded expenditure. The third instalment of 2005/2006 rates and charges was due on 28 February 2006. The final instalment of 2005/2006 rates and charges is due on 31 May 2006.

The above graph illustrates the movement in the investment portfolio since August 2003. The peaks are representative of the rates instalment periods.

The investment portfolio is diversified across a number of investment types and is spread across a number of financial institutions. The various investment types may include managed funds, term deposits, rolling rate investments, floating rate notes and on-call accounts. The following graph indicates the various investments held during February 2006.

The investment portfolio is regularly reviewed in order to maximise investment performance and minimise risk. Comparisons are made between existing investments with available products that are not part of Council's portfolio. Independent advice is sought on new investment opportunities.

Investment performance exceeded the industry benchmark UBS Australia Bank Bill Index in February 2006 with an average return after fees of 6.23%, compared with the benchmark index of 5.76%.

Official Reserve Bank of Australia (RBA) cash interest rate has remained unchanged at 5.50%.

FINANCIAL IMPACT STATEMENT:

Funds are invested with the aim of achieving budgeted income in 2005/2006. The budget provision for income from this source is \$2.925M. Income to 28 February, 2006 amounted to \$1,898,474.

CONCLUSION:

All investments as at 28 February, 2006 have been made in accordance with Policy No: 3.02.07 and the provisions of s625 of the Local Government Act and the Local Government (General) Regulation have been complied with.

RECOMMENDATION:

That the report be received and noted.

REPORT BY: DIRECTOR, GOVERNANCE & FINANCIAL SERVICES

INTRODUCTION:

Section 202 of the Local Government (General) Regulation 2005 requires that the responsible accounting officer of a council must:

- (a) establish and maintain a system of budgetary control that will enable the council's actual income and expenditure to be monitored each month and to be compared with the estimate of the council's income and expenditure, and
- (b) if any instance arises where the actual income or expenditure of the council is materially different from its estimated income or expenditure, report the instance to the next meeting of the council.

ISSUES:

This report provides the financial results of Council as at 28 February 2006. Attachment 1 summarises Council's Financial Performance, and its Source and Application of Funds. It also summarises the operating result for each of Council's principal activities. Attachment 2 details the financial position of Council as at 28 February 2006.

FINANCIAL IMPACT STATEMENT:

There is no direct financial impact for this matter.

CONCLUSION:

Council's Director Governance & Financial Services as the responsible accounting officer, advises that the projected financial position is satisfactory.

RECOMMENDATION:

The report be received and noted.
