--------------	----------------	-----------------	-------------

REPORT BY: DIRECTOR, GOVERNANCE & FINANCIAL SERVICES

INTRODUCTION:

Section 202 of the Local Government (General) Regulation 2005 requires that the responsible accounting officer of a Council must:

- (a) establish and maintain a system of budgetary control that will enable the Council's actual income and expenditure to be monitored each month and to be compared with the estimate of the Council's income and expenditure, and
- (b) if any instance arises where the actual income or expenditure of the council is materially different from its estimated income or expenditure, report the instance to the next meeting of the Council.

ISSUES:

This report provides the financial results of Council as at 28 February 2007. Attachment 1 summarises Council's Financial Performance and its Source and Application of Funds. It also summarises the operating result for each of Council's principal activities. Attachment 2 details the financial position of Council as at 28 February 2007.

RELATIONSHIP TO CITY PLAN:

The relationship with the City Plan is as follows:

Outcome: 1: Leadership in Sustainability
Direction: 1c: Long term financial viability is achieved.

FINANCIAL IMPACT STATEMENT:

There is no direct financial impact for this matter.

CONCLUSION:

Council's Director Governance & Financial Services as the responsible accounting officer, advises that the projected financial position is satisfactory.

RECOMMENDATION:

That the monthly financial reports as at 28 February 2007 be noted.

Director, Governance & Financial Services' Report 19/2007

SUBJECT:	INVESTMENT REPORT - FEBRUARY 2007
-----------------	-----------------------------------

DATE:	19 March, 2007	FILE NO:	F2004/06527
--------------	----------------	-----------------	-------------

REPORT BY: DIRECTOR, GOVERNANCE & FINANCIAL SERVICES

INTRODUCTION:

The Local Government (General) Regulation requires that the responsible accounting officer provide a written report to the ordinary meeting of the Council giving details of all monies invested and a certificate as to whether or not the investments have been made in accordance with the Act, the regulations and Council's Investment Policy No: 3.02.07.

ISSUES:

Council is authorised by s625 of the Local Government Act to invest its surplus funds. Funds may only be invested in the form of investment notified by Order of the Minister dated 23 September 2005. The Local Government (General) Regulation prescribes the records that must be maintained in relation to Council's investments.

The attached table titled "Investment Performance Report – February 2007" outlines the investment portfolio held by Council as at the end of February 2007. All investments have been made in accordance with the Act, Regulations and Council's Investment Policy.

Investment Commentary

The size of the investment portfolio may vary significantly from month to month as a result of cash flows for the period. Cash outflows (expenditure) are typically relatively stable from one month to another. Cash inflows (income) are cyclical and are largely dependent on the rates instalment due dates and the timing of grant payments including receipt of the Financial Assistance Grant.

The balance of the investment portfolio as at 28 February 2007 was \$45.65 million. During February 2007 the portfolio increased by \$3.70 million mainly due to the collection of \$9.59 million being the third rate instalment which was due 28 February 2007.

Other major revenue during February 2007 was \$711,238 Financial Assistance Grant from the Department of Local Government; \$275,000 grant for regional roads maintenance and \$113,300 grant for road upgrade and maintenance from the Roads and Traffic Authority; \$251,958 fine revenue from the Office of State Revenue and the January 2007 GST refund of \$224,723 from the Australian Taxation Office.

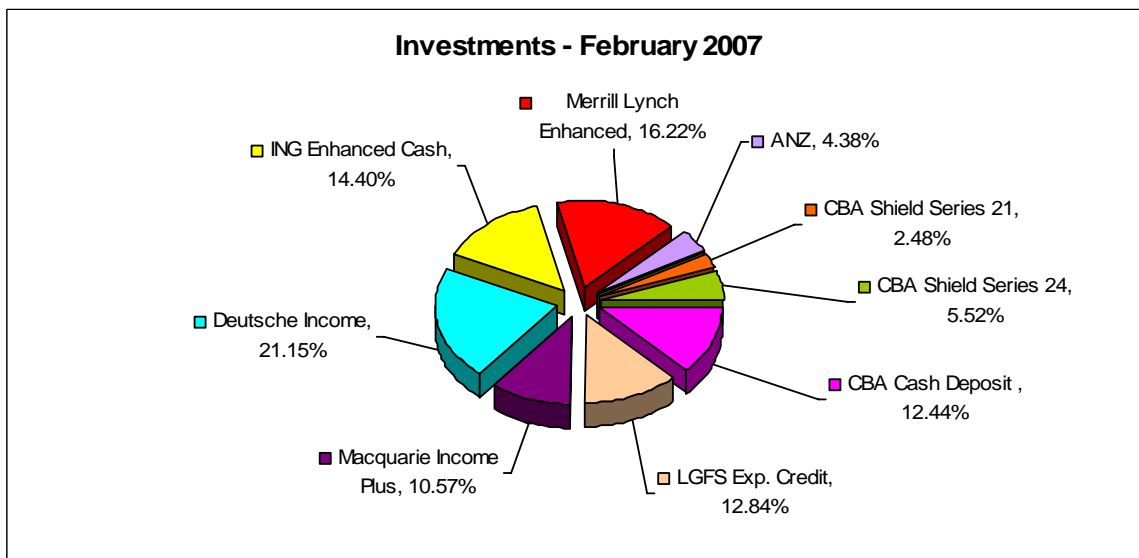

The fourth rate instalment is due 31 May 2007.

During February 2007 there was \$1.14 million spent on capital works. There was also two payroll periods which amounted to expenditure of \$2.01 million.

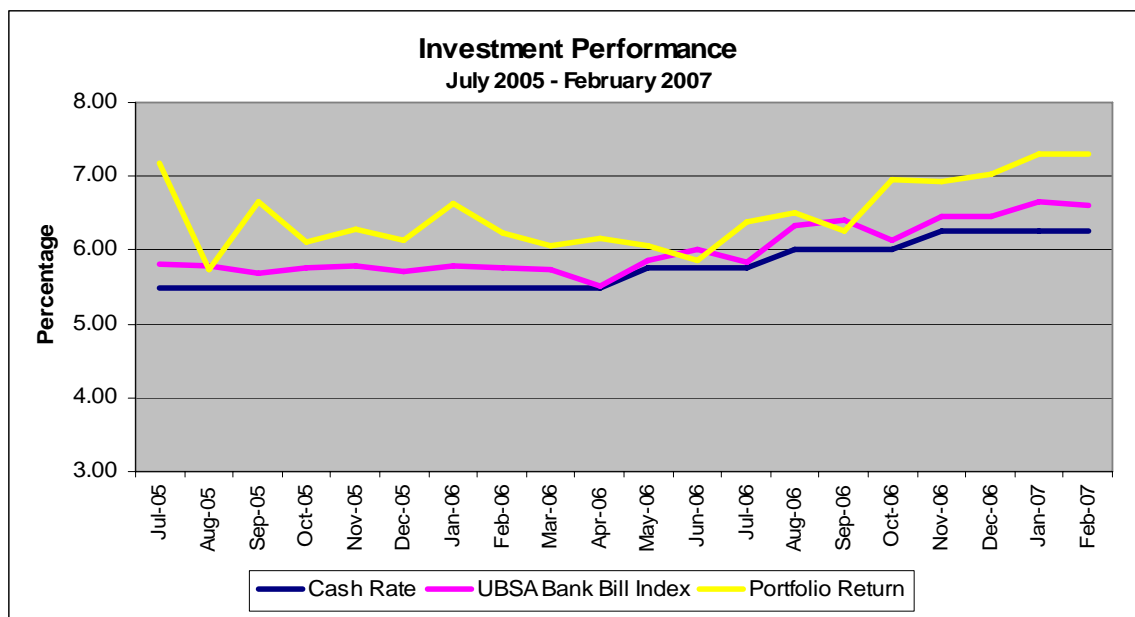

The above graph illustrates the movement in the investment portfolio since February 2004. The peaks are representative of the rates instalment periods.

The investment portfolio is diversified across a number of investment types and is spread across a number of financial institutions. The various investment types may include managed funds, term deposits, rolling rate investments, floating rate notes and on-call accounts. The following graph indicates the various investments held during February 2007.

The investment portfolio is regularly reviewed in order to maximise investment performance and minimise risk. Comparisons are made between existing investments with available products that are not part of Council's portfolio. Independent advice is sought on new investment opportunities.

The graph below shows the investment return achieved against the USB Bank Bill Index and the official Reserve Bank of Australia (RBA) cash interest rate for the period July 2005 to February 2007.

Investment performance exceeded the industry benchmark UBS Australian Bank Bill Index in February 2007 with an average return after fees of 7.31%, compared with the benchmark index of 6.61%. Official Reserve Bank of Australia (RBA) cash interest rate remained at 6.25% during February 2007.

Month in Review

There was no change to interest rates during February 2007. Reserve Bank commentary provided reassurance that domestic interest rates are not likely to rise in the near future. The Reserve Bank also revised the forecast for inflation downward from 3% to 2 ¾%.

Economic data released during February 2007 showed that December retail sales and building approvals were weaker than expected. The unemployment rate unexpectedly fell from 4.6% to a new 32-year low of 4.5% in January 2007.

RELATIONSHIP TO CITY PLAN:

The relationship with the City Plan is as follows:

Outcome 1: Leadership in Sustainability.

Direction 1c: Long term financial viability is achieved.

Key Action: Investment Policy and Procedures.

FINANCIAL IMPACT STATEMENT:

Funds are invested with the aim of achieving budgeted income in 2006/2007 and outperforming the USB Australian Bank Bill Index over a 12 month period. The budget provision for income from this source is \$2.737 million. Income to 28 February 2007 amounted to \$2,006,419.

CONCLUSION:

All investments as at 28 February 2007 have been made in accordance with Policy No: 3.02.07 and the provisions of s625 of the Local Government Act and the Local Government (General) Regulation have been complied with.

RECOMMENDATION:

That the investment report for February 2007 be received and noted.
