5. New Business

5.1 Des Renford Leisure Centre

A resident caring for her teenage son with acute physical disabilities has raised an access issue in regards to the recent upgrade of facilities at the Des Renford Leisure Centre. The Centre does not have adequate changing facilities to enable the carer to dress her son properly, which has resulted in her having to dress him beside the pool, which she finds both physically difficult and humiliating. The carer has requested that Council consider purchasing a Wall Mounted Adult Size Change Table and Sonata Floor Hoist to enhance access for people with similar conditions.

The cost of the change table and hoist will be approximately \$6400 excluding the cost of modifications to the existing change room and installation of the new change table. The Committee supported the

request for the provision and installation of the equipment and associated modifications to the change room, to ensure true access and inclusivity for all members of the community and to encourage people with similar conditions to access the pool. Frida Kitas tabled information sheets on products for the two products from Paramobility.

Action: Cr. Neilson to draft a letter to Council on the behalf of the Committee in support of the request.

5.2 Mental Health Services Information Session

RCC in partnership with Carers NSW and Eastern Sydney Medicare Local will host an information session on Thursday 12 December from 7pm to 9pm at the Prince Henry Centre. The purpose of the session is to promote new mental health services and support programs for residents living in the Randwick and Botany areas. Guest speakers will provide an overview of the Partners in Recovery Program and Access to Allied Psychological (ATAPS) program. This service is designed for people experiencing mental health issues who are socially or financially disadvantaged and who would otherwise not be able to access mental health services. The session will also have a strong focus on services for carers including the Older Parent Carer Program and Mental Health Respite Carer Support Programs. Flyers and posters tabled.

3. Minutes

The Minutes of the meeting held on 09 October 2013 were confirmed. Moved by Peter Schick and seconded by George Varughese.

4. Business Arising from Previous Minutes

Councillor Shurey remarked that at the recent Council meeting, there were a number of Councillors who were not aware of the Multicultural Advisory Committee and proceeded to inform Council of the committee and highlight the Advisory Committee's purpose and objectives. Both Councillors Shurey and D'Souza expressed their disappointment in a Council resolution to hold a civic reception in the Lodge Room to commemorate Greek Independence Day. As a whole, the committee shared their concern in the resolution stating that it may be seen as excluding the many other cultures and ancestry of residents within the Randwick LGA.

Councillor Shurey suggested that she and Councillor D'Souza put forward a motion to Council to amend the resolution and recommend a more inclusive event. Peter Schick queried whether a motion can be put forward that the Multicultural Advisory Committee (MAC) be consulted prior to any future multicultural-specific resolutions.

4.a Multicultural Advisory Committee Event

Councillor Shurey reported that she had informed the Councillors of the Committee's involvement incorporating Harmony Day as part of the Spot Festival. Councillor D'Souza suggested that perhaps the Spot Festival diluted the multicultural aspect of the event and recommended that a main multicultural event occur annually. Councillor Shurey reported that the Council resolution also stated that the MAC report to Council the feasibility of holding an annual cultural event.

Councillor Shurey invited the Committee to offer a mandate for a main event and utilise the meeting to 'brainstorm' as a group. Councillor D'Souza suggested a 'Schools Spectacular' style of event and Charlotta Oberg recommended that the event should be a celebration of multiculturalism in the Randwick LGA. Peter Schick questioned the main purpose for such an event. Councillor Shurey

responded that the event should be a celebration of the residents and reflect an appreciation of the diversity within the LGA. Rosa Loria and Peter Schick agreed that the event should highlight inclusion and acknowledgement of all the cultures represented in the area.

George Varughese suggested a series of functions and Peter Schick mentioned that the committee needs to determine which way the event should be formed, such as the event style, location, financial considerations and community participation. Councillor Shurey stated that she will put forward a motion to Council to finance the event and that a proposal must be submitted, then queried how the MAC envisions the event.

Charlotta Oberg recommended one event and, as part of the planning, that the MAC reach out to the community to identify what they would want. Rosa Loria expanded on this idea suggesting that a survey be sent to schools asking what the school community would like to see happening and to build on strengths within the community.

Venues were discussed, taking into consideration size and inclusivity for a broad range of demographics. Katherine Zhu recommended that Maroubra Beach be the site of such an event due to the numbers and diversity of people who go to the beach on the weekends. Councillor Shurey agreed that an outside event would capture families and a wider range of people who already frequent the venue.

Charlotta Oberg recommended a working title, 'The World in Randwick' and Peter Schick put forward the theme of 'Randwick City Council celebrates the world'.

<p>Action: Tania Krasinski to draft a plan from this discussion, circulate to the committee and build upon it between meetings.</p>

4.b Multicultural Advisory Committee Brochure

Councillor Shurey reported on her recent communication with David Kelly requesting on behalf of the MAC to show the Migrant Story DVD at the Citizenship Ceremony. The request was declined stating that this proposal was not viable at the event. Tania Krasinski explained that, from her experience of the ceremony, any additions such as this to the current format would take up valuable time and focus away from the new citizens and their attending guests. Currently, the event is very well run to a tight schedule and ensures that the new citizens feel welcomed and a valued part of the community.

From attending and observing the November Citizenship Ceremony, Tania gained an insight into how the MAC can work with and enhance the ceremony. Tania encouraged MAC members to attend the monthly ceremonies to network and personally welcome our new citizens. Tania suggested that a welcome pack including the new MAC brochure with resources be handed out to each new citizen. Peter Schick suggested that they are given with the plants.

Tania Krasinski apologised and reported that due to other work commitments, the research into other Council's MAC brochures was not completed. The format for the current brochure includes a message from the previous Mayor, definition and objectives and contact details of the MAC along with contact details of Council and local services. Katherine Zhu agreed that the brochure should promote the MAC and enable communication between the MAC and new citizens.

C2/14

Action: Tania Krasinski to gather resources from other councils' multicultural material and other research texts for discussion at the next meeting.

For the next meeting, a copy of the brochure and other examples will be brought in for review and discussion. Councillor D'Souza suggested that a questionnaire be included in the brochure for feedback to the MAC, asking what they would like to see and/or contribute to the Randwick City Council LGA.

Action: Tania Krasinski to draft a questionnaire for discussion at the next meeting.

George Varughese suggested that a link to the Migrant Story video be included in the brochure. Councillor D'Souza suggested that the Mayor could mention the MAC brochure/welcome kit during his speech.

Action: Tania Krasinski to follow up with the Citizenship Ceremony coordinators in regard to asking the Mayor to mention the welcome kit with the plants at the end of his speech and report back at the next meeting.

5. General Business

5.a Discussion: current issues and priorities

Peter Schick shared his ideas on a new project that acknowledges and celebrates our new citizens. Peter proposed that a film project can follow a resident through their process of application for citizenship ending at the ceremony. This ongoing project could become a record and part of history for the Randwick LGA.

Katherine Zhu and Tania Krasinski stated that they would follow up with this proposal and report at the next meeting. Peter indicated his interest in being involved in the working group if this project goes ahead.

Action: Katherine Zhu and Tania Krasinski to research the viability of an ongoing film project filming the stories and experiences of the citizenship process and report findings at the next MAC meeting.

Migrant Story update

Katherine Zhu reported that they have 10 participants for the DVD, currently have 20 stories and still open to receive more. The theme is 'Mementos' where stories about migrant's mementos will be exhibited early next year. Randwick TAFE have contacted participants for the first version scheduled to be ready by 14 February. The project coordinators are happy with the response so far.

5.b Membership Review

Tania Krasinski summarised the membership review process and announced that she will be commencing the planning for the review to begin mid January. Tania invited the current committee to reapply and will update the progress next meeting.
