Randwick City Council
30 Frances Street
Randwick 2031

Dear Jason

RE: Request for Authority to act on behalf of Council

I am requesting that Randwick City Council will give me the authority to act on their behalf with matters pertaining to the "City Of Randwick III" survey and registration. This rescue craft is more commonly known as the Surf Life Saving Randwick Offshore Rescue Boat.

The survey management of marine vessels changed on 1st July 2018 from NSW Maritime to AMSAR – Australian Maritime Search and Rescue. With this change has brought with it an increased element of documentation to be provided online such as vessel details and registration, survey outcomes, registrations of EPIRB's, equipment expiry dates and much more.

AMSAR as part of the registration process recognises that the owner of the Vessel (Randwick City Council) may not be the one to complete the online documents but it does allow for the owner to nominate an individual to act on behalf of the owner with regards the registration process and ongoing periodical survey inspections of the vessel.

I am respectfully requesting that the Council provide me with the Authority to act on its behalf with regards vessel survey and registration so that I can complete the online documentation on behalf of Council. If I am granted Authority, I will provide Council with copies of all documentation that I completed on their behalf.

Yours faithfully

Karl Solomonson
Randwick District Administrator and Treasurer, SLS Randwick Offshore Rescue Boat
